

We want users to find YOU, whether that be a job seeker looking for a new position or a business looking for tech help. And, we've got you covered! Here are easy to follow steps to help you use our new features.

Your 5-Step Guide to add the We're Hiring Icon

Step 1

- Visit CollabHub [here](#) or type www.collabhubatlantic.ca on your web browser

Step 2

- On the homepage top right corner, click on Provider login and sign into your profile (Note: only the prime who set up your profile can do this using their email id)

Step 3

- Once you're logged in and able to view your provider form, scroll to the very last question and check **Are you Hiring**

Step 4

- Provide a link from the careers/hiring section of your website to where the interested candidates should be directed

Step 5

- Click update and an icon will show up on your profile along with the link you provide.

What Users will See

- Hiring Filter added to the directory to see all hiring providers at once

Got Tech Challenges? Help is Here.

Search CollabHub's extensive directory of local digital solution providers to find one that's right for you. From software companies to IT consultants and more, it's all here.

What do you need help with?

Sort by: Name A to Z | Location | Services | Language | Hiring Now

60 matches | Yes | Favorites

On the main directory Page, the icon shows up on your profile

About SimpTek

At SimpTek, we have developed a platform and suite of services to transform your business to meet the challenges of the new Grid Edge Economy. As the amount of data grows exponentially, a more robust approach to data management and analytics is critical for decision making. Our GridEdge360 platform delivers industry-leading measurement, analysis, and customer engagement solutions. We help you create a customer-centric energy experience focused on robust economic growth and long-term success in the Grid Edge Economy. SimpTek is committed to a single core idea: to radically simplify the approach to saving energy.

Resources

The Problem we are Solving

Current Approach Does Not Scale

Building owners need to spend a lot of time and money before they can identify savings, often making retrofit projects too risky

Acquiring energy analysis data is time consuming and expensive

The end to end process for mass adoption of retrofit project is too complicated

Covid-19 requires new low-touch / no-touch business models and approaches

Digital Health Providers on CollabHub

Guide to adding digital health to your profile

Step 1

- Visit CollabHub [here](#) or type www.collabhubatlantic.ca on your web browser

Step 2

- On the homepage top right corner click on Provider login and sign in to your profile (Note : only the prime who set up your profile can do this using their email id)

Step 3

- Once you're logged in and able to view your provider form, scroll to the services question and check the Digital Health filter.

Step 4

- Click update and your profile will show up under digital health when the service is selected

What Users will See

Expanded Search: Find digital health companies easily by selecting the option of digital health under the services filter

The screenshot displays the CollabHub search interface. At the top, there is a search bar with the placeholder text "What do you need help with?". Below the search bar, there are several filter options: "Sort by: Name A to Z", "Location", "Services", "Language", and "Hiring Now". The "Services" filter is highlighted with a red box, and a dropdown menu is open, showing a list of service categories. The "Digital Health" option is also highlighted with a red box. Below the filters, there are two search results. The first result is for "360insights", which is a company founded on the idea of incentive management. The second result is for "ADIA Broadcasting", which is a digital consulting firm. The "Services" filter is set to "Digital Health", and the "Industries" filter is set to "Manufacturing".
